

The Professional Driver Recruitment Kit

A PDF Kit for Hiring Drivers of Commercial Vehicles

For a closer look, visit www.foresightpublications.co.za/PDR.html

The growing demand for skilled drivers coupled with the increasing shortage makes the hiring process more difficult and at the same time, recruiting is more complicated than ever with employment regulations governing every stage of the screening and hiring process. Also the impact of AARTO demerit points will have on your business makes it even more crucial that you recruit the best.

This comprehensive kit comprises a guidebook which lays it all out for you and includes sample letters, an example job description, employment contract and contract addendums for random alcohol tests as well as driver responsibilities and AARTO. It also has a number of print-your-own forms which includes job application, medical examination and telephone interviews. A 2-page Illustrated Guide to SADC Driving Licences completes this MUST-HAVE kit.
